

Dr. Sc. Vladimir Mrša, professor emeritus
(1 June 1957 – 15 June 2024)

It is with deep sadness that we inform you that our dear colleague and friend, Editor-in-Chief of the journal Food Technology and Biotechnology, and distinguished professor at the University of Zagreb Faculty of Food Technology and Biotechnology, Dr Sc Vladimir Mrša, professor emeritus, passed away on 15 June after a long and serious illness.

With his passing, the scientific community has lost a respected member, an outstanding scientist, an enthusiast of scientific publishing, and an advocate of open science, but above all a dear friend and colleague who educated generations of young scientists and experts and helped them to find their own way.

He will always remain in our hearts. We will endeavour to justify his trust in us, and continue to advocate for excellence in scientific research and the promotion of open science.
